

Please use the Deviation Request form for new requests or to make changes to an existing deviation.

Deviation Requests must meet the following criteria

- Pick-up and delivery locations must be on a daily basis and for a permanent duration.
- Pick-up and delivery locations must be within the student's school boundary or a recognized Day Care facility serviced from the student's school boundary.
- Approval will be subject to available seating on the requested route.

A Deviation Request must be submitted when any change occurs; i.e. home address, daycare, pick-up/delivery location, school, etc.

Note: Deviations will remain in place, year after year, until the Transportation Department is notified otherwise; via a new Deviation Request or a Deviation Cancellation.

Please use the Deviation Cancellation form to Terminate an existing Deviation

Deviation Cancellation will terminate all deviations requested for the student and the current residence address found in PowerSchool will be use when assigning the route and bus stop. Please verify the address is correct.
